Reserve Prioritization Board

2 & 3 Aug you will be asked to:

- **Review list of HQ and sub-unified Reserve support requirements for FY01**
- **Rank order requests by priority (rack & stack)**
  - **Determines which Reserve support billets will be filled first**

Additional RC Support: Funding

Services allocate two types of funding:

- **Fully Funded: Pay & Allowances, Travel, & Per Diem**
  - **Purpose: Train Reservists in their Mob billets**

- **Pay & Allowances (only)**
  - **Purpose: provide the AC with reserve support to meet emergent short term projects which cannot be accomplished by assigned personnel**

Man-day Execution

- Reserve support requests submitted to J15
- J15 prioritized each request
- J15 acted as the “honest broker” to ensure a fair share distribution of man-days to the entire command
- J15 recruits to fill highest priority requirements and coordinates RFOs with Service components

The RPB Process: Before the board meets

- **J15 will receive RC support requests and prepare an initial prioritization list using a point value matrix**

Matrix Factors

- **Type of funding (service and type)**
- **Number of man-days**
- **Requirement Priority***
- **Emergence***
- **Requestor Priority***

*** Categories with point values to be assigned**

RPB Matrix
Point value assessment

- **Requirement Priority**
  - Bridge Top Priority List (Top) = 6 pts
  - Bridge Top Priority List (Middle) = 5 pts
  - Bridge Top Priority List (Bottom) = 4 pts
  - Operational Requirement = 3 pts
  - Joint Exercise Support = 2 pts
  - Mob Billet Training = 1 pt

SAMPLE

Funding Line!

RPB: when the board meets

- **J15 will prepare the matrix listing each request in initial priority**
- **Assume funding in FY01 = FY00**
  - **J15 will estimate "Funding Line"**
  - **60% of funding to be expended in Q1/Q2 (approx 18K days)**
- **RPB will confirm- or adjust - rank order of requests**
  - **Ensure highest priority requirements are filled first**
  - **Careful attention must be paid to requests near the *"Funding Line"***
  - **Meet the needs of the entire AOR**
- **J15 will recruit to fill RPB prioritized requirements**

After the RPB meets: factors involved to fill a request

- RPB ranking - above or below funding line?
- Paygrade & Service?
- Any service funding constraints? (179 day rule)
- # days?
- Security clearance?
- MOS/skill?
- By-name request?
- Available on-island (or in AOR)?
- Is O&M required? If so, who pays?
- Lead time & employer notification

Not every requirement gets filled!

After the Board Meets

- **What happens if a new requirement is submitted after the board meets?**
  - **Agency may substitute new request for an un-filled requirement**
  - **RPB approval required only if it requires bumping another agencies un-filled requirement**
    - » **J15 will request changes via email**
  - **J15 retains approval authority for requests of 30 days or less**
- **What happens if new funding becomes available?**
  - **RPB decisions are un-affected;**
  - **J15 draws new funding line and recruits to fill above-the-line requirements**
- **Can the RPB process be changed?**
  - **Yes! J15 welcomes suggestions to improve the process**
